

## **“Fontastic Films” Instructions**

**The Concept:** Players will have to guess which movie font is being used in the clues.

**Items Needed:** Worksheet (included as a separate PDF file).

**Instructions:** This game can be played as a team or individual game. Cut out the worksheets and give a copy to each team or individual. They will need to fill out the worksheet as the game progresses. In this game all twelve questions will appear and then the answers will be provided at the end.

The answer to each question is the name of a movie. The clues that are given have the same first letters as the movies they represent. For instance, “Japanese Pork” is the clue for “Jurassic Park.” The teams/individuals will fill in the blanks on their worksheets as the game is played.

**Scoring:** One point for each correct answer. There’s a tiebreaker if any of the teams/individuals are tied after the last question. If teams are tied, you might have them guess to see who gets the closest to the numerical answer. If individuals are tied, you might have a person who thinks they know the answer stand up, and the first person with the correct answer would win.
