

“Famous Firsts” Instructions

The Concept: Players will have to find various firsts from the Bible.

Items Needed: None

Instructions: This game is a team game. Divide the group up and have someone keep track of the teams' scores. The questions are all about firsts from the Bible, such as the first commandment, first spoken words, etc.

When a team has the answer, it's up to you how to have them show you they know it. You could have them raise their hand, stand up, run to the front, jump in the air as a group, or whatever you want.

Scoring: One point for each correct answer. There's a tiebreaker if any of the teams are tied after the last question. The tiebreaker asks how many times the word “first” is used in I Corinthians. The answer of eight is taken from the King James Version of the Bible.
