

“Gonna Finish that Cookie” Instructions

The Concept: Players will have to complete a fortune cookie saying by choosing from three possible endings.

Items Needed: Worksheet (included as a separate PDF file)

Instructions: Each question is taken from an actual fortune cookie. The start of the saying is displayed and then three endings appear on the screen. The players choose ending A, B or C and mark their choice on the worksheet.

This game can be a team game or an individual game. To play it as an individual game, pass out the worksheets and have the players fill in the answers as the questions are shown. To play it as a team game, split your group into teams and give each team a worksheet to record their answers as a group.

When you show the presentation normally, the game shows all of the questions first and then the answers at the end. There is also an alternate version of the game included that will show the answer to each question right after it is shown on the screen. To use the alternate slide show, go to Slide Show → Custom Shows... → Show.

Scoring: One point for each correct answer. There’s a tiebreaker if any of the teams/individuals are tied after the last question. The closest team/player to the right answer wins.
