

“Half Right” Instructions

The Concept: Players will provide one of two possible answers to each question, only needing to get the question “half right” to get the point.

Items Needed: Worksheet (included as a separate PDF file)

Instructions: This game can be played as an individual or group game. Hand out the worksheet to each player or group to be filled out as the game is played. Each question will ask a question with two possible answers. The players only need one correct answer to get credit for the question. The questions are shown one after the other and after the twelfth question the answers appear. If you would like to have the answers appear right after each question, there is an alternate slide show you can use by going to Slide Show → Custom Shows... → Show.

Scoring: One point for each correct answer. There is a closest-to-the-answer tiebreaker if you want to break a tie between any of the teams or individuals.
