

“Bible 3-2-1” Instructions

The Concept: Players will be asked to list three, two or one answer/s to each question. The questions will be about people, places or things from the Bible.

Items Needed: Worksheet (included as a separate PDF file)

Instructions: This game can be a team game or an individual game. To play it as an individual game, pass out the worksheets and have the players fill in the answers as the questions are shown. To play it as a team game, split your group into teams and give each team a worksheet to record their answers as a group.

When you play the presentation as normal, the game shows all of the questions first and then the answers at the end. There is also an alternate version of the game included that will show the answer to each question right after it is shown on the screen. You can play the game this way if you prefer to have players/teams try to be the quickest to answer. To use the alternate slide show, go to Slide Show → Custom Shows... → Show.

Scoring: One point for each correct answer. You can deduct one point each incorrect answer if you want to. There's a tiebreaker if any of the teams are tied after the last question.

The tiebreaker question asks the teams/individuals that are tied to write as many books of the Bible as they can in 30 seconds - starting with Revelation and working backwards. The team that makes it the furthest, listing the correct books, wins.
