# I'M HERE TO SERVE YOU!

## MATHEW 22:37-39

## Issue #1

And he said to him, “You shall love the Lord your God with all your heart and with all your soul and with all your mind. This is the great and first commandment. And a second is like it: You shall love your neighbor as yourself.

# Unashamed H.O.W

## WHO WE ARE...

Unashamed Heart Of Worship is a non-profit organization, bringing together a network of young adults across the globe, empowering, engaging and relating our generation to the church of Jesus Christ through worship and outreach. Our goal is for people to have a personal encounter with Jesus Christ. Through partnering up with Churches, Christian Organizations and

Everybody under the leadership of Jesus Christ, we hope to make an impact on lives through sharing, caring, encouraging, and helping others. Our main emphasis is on the two great commandments; Love your God with all your Heart, Mind and Soul; and Love your neighbor as you love yourself.

We want to equip and empower you to know what it means for you to live and have an Unashamed Heart of Worship lifestyle for Jesus Christ, and for those not quite ready to sell out their flesh for their spirit, we want to be living examples, in speech and action.

## Time for Awakening, Discerning and Action

- Ignite our Influences
- Engage our Passions
- Involve our God

# Our Mission...

## 1. LIVE A LIFESTYLE OF WORSHIP

We focus on encouraging young people to live out the word of God through worshipping the one true living God and proclaiming his word through prayer, praise, thanksgiving and service while creating an environment where young adults can connect with each other to discover tools available for them to exercise and deepen their walk with Jesus Christ.

## 2. SPONSOR A CHILD

UHOW is engaged in outreach, supporting orphaned and less privileged children in poverty stricken countries, by funding their education and providing them with a nutritious meal to get them through the day. When the children we sponsor complete their secondary education, we want to get them into a short term bible institute and after that sponsor them to further their education in college, giving them an opportunity to become leaders in their culture, communities, cities and nation. UHOW has also embarked on a mission to collect new or used, shoes and clothes, which are then sent to help struggling families in third world countries, but at this time mainly focusing on African countries.

### 4. EVOKE A CHANGE

UHOW aims at evoking a change in our generation, starting off with the young people in our respective churches. At the moment UHOW has been working with the following ministries:

#### **Youth Ministries**

- Nex Wave Student Ministry
- Goal Student Ministry
- Elevate Student Ministry
- Chosen Youth

#### **Young Adults Ministries**

- The Experience
- The Source
- Chi Alpha UTA

### 3. PROJECTS

Our aim is to help young people become self-sufficient, by starting up projects that can occupy them, keeping them off the streets and at the same time bringing in income that can support them and their families. The projects we aim at establishing include chicken projects and agricultural projects. We want to create something sustainable that people can rely on. That is a reliable link between production and the market place.

“Jesus came to ignite a fire within you that would consume you and ignite you. Jesus the King came to fight for your heart. If He has won your heart, then to follow your heart will always lead you to follow the heart of God. He will always lead you to advance forward behind enemy lines to win the hearts of those who do not yet know Him or love Him.” - Unleashed

We as Unashamed Heart of Worship believe that we have been called to spread the good news and change lives, but for a change to take place it starts with us, if we evoke change inside of us, we can then evoke a change in our generation and generations to come. Good leaders replicate their leadership in others!

# Sponsorship

Various Churches, organizations and individuals sponsor Unashamed Heart of Worship's vision of see every child; teenager and young adult reach their greatest God given dream. Our Sponsorship program is split in two main categories:

## 2 WAYS TO PARTNER

WITH A CHILD IN NEED OF YOUR HELP!!!

**180 - PARTNER**  
**\$15 A MONTH**

**360 - PARTNER**  
**\$30 A MONTH**

The **180 Partners** commit to sponsoring \$180 for a child in Africa to go to school for the whole year. The \$180 is broken down to twelve monthly payments of \$15/month, which is half a dollar a day.

### Your Partnership provides:

- Tuition and Exam Fees
- A Set of School Supplies

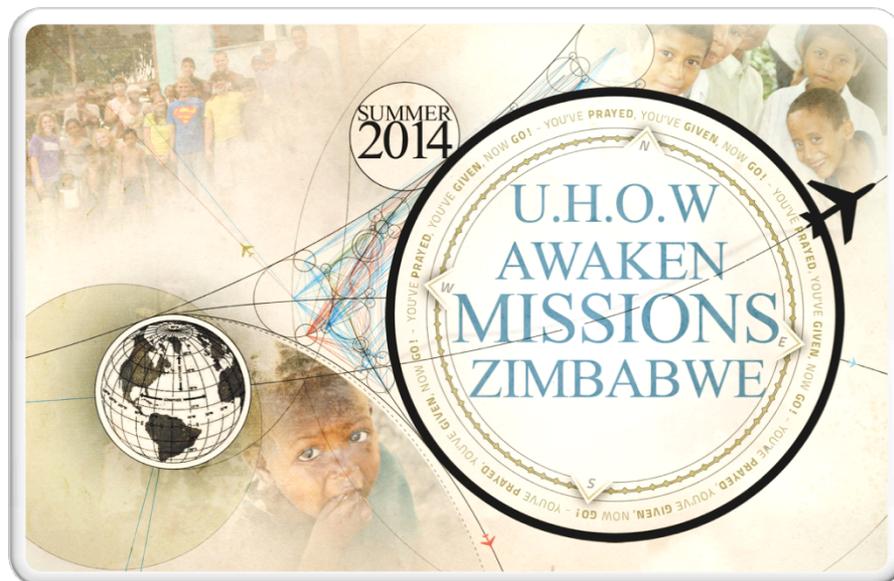

The **360 Partners** commit to sponsoring \$360 for a child in Africa to go to school for the whole year, buy their school uniforms and provide that child with a nutritional meal, for five days a week. The \$360 is broken down into twelve monthly payments of \$30/month, which is a dollar a day.

### Your Partnership provides:

- School Uniform
- Tuition and Exam Fees
- A Set of School Supplies
- Daily Meal at School

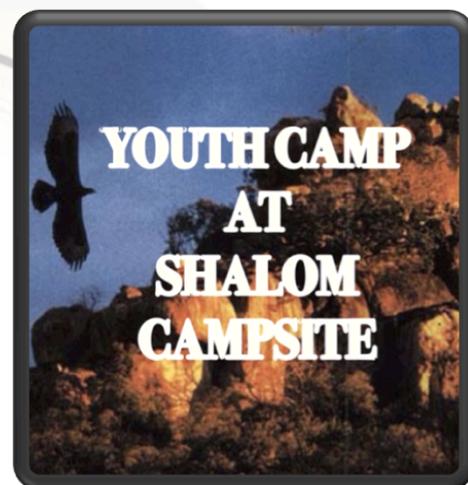

# 2014 Summer Mission Trip

Unashamed H.O.W is excited to have plans in place for its first ever international mission trip to Zimbabwe. The mission trip is to be held over the summer of 2014. The mission trip will tentatively comprise of the following:

## 1. Youth Camp

The focus of the camp is to engage, empower and equip world changers that see beyond the “now” and look towards the big picture, **JESUS**. The daily camp schedule will include morning and evening services, team building workshops, games and activities and bonfire worship service on the last day of camp.

## 2. Care point

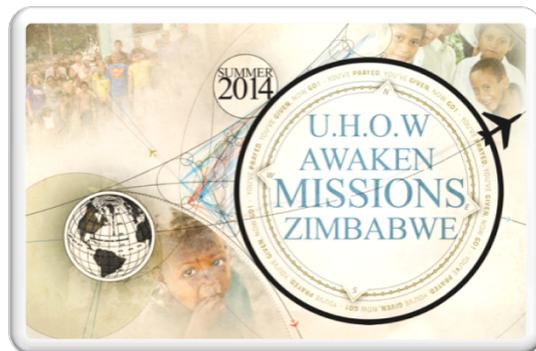

As part of the mission trip, you will get the opportunity to serve at the Esibomvu care point. The care point serves orphaned, abused and less privileged kids, with a nutritional meal. You will also get to share God’s love with these kids, with a lot of fun games and activities planned to put a smile on their faces and Christ in their hearts.

The church in Zimbabwe is growing there is plenty opportunity in coming and participating in building a country that needs the hand of Christ in so many areas. There are almost a million orphans in Zimbabwe children growing without a father or mother. The opportunity for an American child is to see this and appreciate what they have but also to say I want to be a part of growing a whole generation of children by providing a small part of me, and this can come in the form of travelling to Africa and physically touching that child the touch says look I came all the way from America to let you know you are loved by an amazing God. The touch can come in God putting ideas in the traveller's mind to provide a service in a meal in child sponsorship in helping set up bore wells so many areas to connect to.

## Missions Local and Overseas

### Serving our local communities

A local church must be and should always represent its local community in addition bringing the gospel and this comes in the form of serving. Opportunities present themselves usually in finding out the needs of the community and providing them for free. Community service bring interaction allows us to demonstrate Christ and immediately preaching without word maybe T-Shirts words. This engages the church and allows every person to be involved and connected to the live of the church and allows the new guys to immediately participate in the church even before they have found Christ and they are still searching.

### Short Term Missions

Short-term missions are such a strong resource in allowing the church to contribute to needs of others beyond their sphere of influence. The most important gain from short-term mission is the state the team members are in when they

leave and when they come back. In as much as the level of witness grows there something much more amazing that happens to the individual that suddenly says the kingdom of God is big and I want to be actively involved in it. The idea of learning and experiencing other cultures creates this open mind that causes the team member to open up your spirit opens up and in this case it will be to God.

# Unashamed H.O.W

## Lead Team

### Ann Gardner

My passion is sharing the love of God with kids, especially rejected, oppressed, poor, orphaned and broken-hearted kids. I've served under Celebration kids Zimbabwe and am currently serving in kid's ministry at Jubilee church London. The bible says God is love and He loves all people, just as its God's desire to reach out to such children, it is where my heart is too. Sharing Christ is the greatest gift one could ever give and it is sharing Christ's

love that I as individual and we as Unashamed H.O.W build intimate relationships with these kids. Being apart of Unashamed H.O.W has not only helped point out the needs these children have, but with the love and kindness of our sponsors and partners, we are able to take action and do something to help alleviate the need.

### David R Tumusiime

I am a student at Oral Roberts University and proud partner of Unashamed Heart of Worship. According to new research studies released by the Barna Group nearly three out of every five young Christians disconnect from their churches after the age of 15. Twenty percent of those teenagers who attended church say that God appeared to be missing from their church experience. Over one third of young adults said they feel like they can't ask

life's most pressing questions in church and 23% said they had "significant intellectual doubts" about their faith. Despite these numbers, a whopping 78% of young adults claim to be Christians. Young or Old, church has played a role in the destination you're headed. The church has trained people to look up to it not to God by putting God in the background. It's my passion to see a nation hungry for a fresh move of God not focused like it is today. Lets build a generation that is focused to the cross of Jesus Christ not standing at the cross and looking elsewhere.

## Shelton Mono

No matter the surrounding culture, I intend to use my passion and my personality all up for God and HIS glory. I strive to use all that I have and all that I am, so that in the end I can look at my maker and be able to say that I honestly have nothing left, I held nothing back, I used EVERYTHING He gave me. My passion is to Equip, Empower and Engage young leaders in this generation. Through my partnership with Unashamed H.O.W I am able to

speaking into the lives of young people that come from different walks of life. My mission is to awaken world-changers that draw the line in the sand and fight for heart of the King. Training them to start small groups in their schools, jobs, homes and youth groups in the name of Jesus Christ. As a generation we have to reject passivity and accept our social and spiritual roles as Servant leaders. For we have been crucified with Christ and it is He who lives inside of us! Live it Preach it!

Unashamed H.O.W is not only an organization focused on intellectual but also health and nutrition. Individual members of the organization are heavily tasked with ground breaking mission-focused projects such as Dental Missions, mosquito nets, vaccinations and orphanages, exploring strategies for long-term sustainable mission projects. Our mentality is “Small footprints Big Attitude” in other words we aren’t focused on the size of our influence or legacy but empowering a generation to see God in a greater way and be the face of Jesus.

Unashamed H.O.W will be holding conferences to challenge and equip attendees to embrace missions as a central commitment of the Christian family and platform to change lives. The face of missions has been changing all over the world especially in America. Missions awareness is not the only forum today but rather taking action through love and self-giving. Speakers and testimonies from all walks of life will gather, as we understand more about being tools to bring life to devastated homes and people.

In America we do worship conferences, prayer meeting, bible study groups, we’ve worked and supported mission Arlington, HopeCity Kansas, and also been to a number of states to spread the good news of Jesus Christ. We believe in starting at home that way we are the change we need to be. Our goal is not to create dependants but rather reproduce people with self-sustaining skills in life, viewing God as the overall answer. This is not a salvation by deeds agency but faith through God.

For the heart of the father runs to and fro, it’s searching the earth looking for those who make intercession on behalf of the nation, those who will rise and pray. It’s our assignment to stand in the gap, are you?
